East Prince Timbering.

The East Prince Mining company is working about 1,000 feet away from the Centennial Pioche shaft and recently broke into a porphyry ledge which bears a distinct similarity to the one disclosed in the Golden Prince. The East Prince shaft is 150 feet deep and is being timbered.

NAVAL CADETSHIP.

Senator Nixon Has Two At His Disposal For Nevada Boys.

Senator George S. Nixon will have two vacancies at the United States naval academy at Annapolis for the year 1910, necessitating the nomination of two principles and two alternates. The nominations for these cadetships will be made within a short time, in order to give those seeking these appointments an opportunity to prepare for the first mental examination which will be held under the supervision of the civil service commission at Reno, Nevada, on the third Tuesday in April, 1910. The second and last examination will be held at Annapolis, Maryland, on the third Tuesday in June, 1910, under the supervision of the superintendent of the naval academy.

All cadets will have to be actual and bona fide residents of the state of Nevada for two years immediately preceding the date of appointment.

The minimum age of admission of midshipmen to the academy is sixteen years and the maximum age twenty nomination on the day he becomes sixteen and is ineligible on the day he becomes twenty years of age.

Candidates are required to be physically sound, well formed and of robust constitution. The heights of candidate for admission shall not be less than five feet two inches between the ages of sixteen and eighteen years, and not less than five feet four inches between the ages of eighteen and twenty years; and the minimum weight at sixteen years of age shall one hundred and five pounds; with an increase of not less than five pounds for each additional year, or fraction of a year over one-half. Any marked deviation in the height or weight relative to the age of the candidate will add materially to the consideration for rejection.

Candidates will be examined mentally, in punctuation, spelling, arithmetic, geography, English grammar and plane geometry. Deficiency in any of these subjects may be sufficient to insure the rejection of the candidate.

The course for midshipmen is six years—four years at the academy, when the succeeding appointment is made, and two years at sea, at the expiration of which time the examination for final graduation takes place.

Midshipmen who pass the examination for final graduation are appointed to fill vacancies in marine corps and in certain of the staff corps of the navy.

All young men of the state who wish to enter the navy as officers should make their desires known to Senator Nixon, bearing in mind the physical and mental requirements, so that consideration can be given their names when the nominations are in order.

DEMOCRATIC SLATE MAKERS ARE BUSY.

The Reno Reveille, edited by John Considine, the democratic oracle, has the following about the party line-up:

The state exchanges are publishing democratic "slates." An alleged one has been given to the world, with the statement that another was in process of incubation, but had not yet been completed. The Carson correspondent of the Reveille sends word that it is now ready for promulgation, and touts it as follows:

Congress—Frank Williams of Clark. Justice of the Supreme Court—C. McIntosh of Nye.

Governor—G. A. Bartlett of Washoe.

Lieutenant Governor—Harry Warren of Humboldt.

Secretary of State—Harry Coogan of Esmeralda.

State Controller—R. P. Dunlap of Nye.

State Treasurer—Dave Ryan of Storey.

Attorney General—George Keith of Ormsby.

Surveyor General—H. A. McTernan of Eureka.

State Printer—James H. Sullivan of Storey.

Superintendent of Public Instruction—Robert Pohl of Lander.

Regents of the University—Richard Kelpie of White Pine and Captain Cox of the state police.

The framers of this slate indicate no choice for United States senator. It is their belief that it would be better not to antagonize the Republican candidate, providing he happens to be Mr. Nixon. Their intention of is doubtless to enlist the services nominating Mr. Coogan for an office of one of the many elements in Goldfield with whom they are at war.

The Virginia City Enterprise says: The politicians are framing up for the battle next year, and it is reported that rival leaders of the Democratic party will have two tickets in the

field at the primaries. What is known as the Considine ticket is nearly completed, it is said, and will be about as follows: Dickerson for governor, Key Pitman for United States senator, Nicholas for lieutenant governor, George Brodigan for secretary of state, Sheriff Owens of Nye for controller, Brandon for attorney general, Henderson of Elko for congressman, Gilbert Ross for superintendent of public instruction. A candidate for state treasurer will probably come from Humboldt county. The opposition, known as the Sweeney ticket, has only definitely settled on Bartlett for governor so far, although others have been offered nominations. Judge Sweeney made a quiet trip to this city a few nights ago, and is presumed he was after political timber.

KEEP THE ROOMS WARM.

Record Hears Complaint About Condition of School.

The Record has heard considerable complaint against the Pioche school board this week over the manner in which the school rooms have been heated during the late cold spell and in another part of this paper space is given to a communication from an irate parent. It appears that something is wrong somewhere and if the school board has not employed a janitor, it ought to do so at once. It is absolutely essential to the health of both teacher and pupils that the school buildings should be kept warm and it is to be hoped that the school board will see that prompt steps are taken to find a remedy for the condition complained of. It is understood that the instructor of the intermediate department was obliged to remain at home one day last week on account of having caught a severe cold and also that some of the pupils have been kept out of school for the same reason.

NOT THE CHRISTAIN.

A Situation Which Caused a St. George Man Some Embarrassment.

E. J. B. Christain, a resident of St. George, Utah, has been in a somewhat perturbed state of mind lately over having received word from home to the effect that some mischief maker had been circulating the report that he is the Christain who was recently convicted, along with Ed. Crawford for stealing chickens from a Dixie peddler by the name of R. J. Jolly.

E. J. B. Christain is a plasterer by trade and was working in the new public school building when the fowls were extracted from Mr. Jolly's wagon. It is a case of mistaken identity.

TAILOR MADE SUITS

That is one of our specialties. Come in and let us take your measure for a Nobby Suit of Clothes. The Holiday season will soon be on and you want to appear at your best. Neat dressers always wear Tailor Made Suits. Quality in tailoring now a days is measured by the standard of pure wool. There is no more element in tailoring now necessary to satisfaction than pure wool. It is the foundation upon which all other good qualities rest; without its support there can be no perfection. Perhaps you need an Overcoat too. Correct style and perfect fit is guaranteed.

NOTICE.

Notice of Sheriff's sale on execution. Sheriff's Sale.

Albert A. Carpenter, Plaintiff, vs. Nevada Central Gold & Copper company, Defendant.

Under and by virtue of an execution issued out of the Fourth Judicial District Court of Nevada, in and for the County of Lincoln, on the 19th day of November A. D. 1909 in the above entitled action, wherein Albert A. Carpenter, the above named plaintiff, obtained judgment against the Nevada Central Gold & Copper company defendant, on the 23rd day of September A. D. 1908, for the sum of Four Hundred Twenty-three and 85-100 (\$423.85) with interest thereon from the 23rd day of September 1908, at the rate of seven per cent per annum, from the date of said judgment together with \$12.35 costs and disbursements and accruing costs.

I have levied upon the following described mining property to wit:

The all of the Central Lode, Monte Lode, Side Hill Lode, Badger Lode, Oxide Lode, Snowstorm Lode and Beauty Lode mining claims, situated lying and being in the Bristol Mining district, county of Lincoln, State of Nevada, the certificates of location of which are duly recorded in Book "Z" of mining notices in the office of County Recorder of Lincoln County, State of Nevada, at pages 97 to 100 inclusive, which records are hereby referred to and made a part of this description.

Notice is hereby given that on Saturday, the 11th day of December 1909 at 12 o'clock, noon, of that day, in front of the court house in the town of Pioche, County of Lincoln, State of Nevada, I will in obedience to said execution sell the above described mining property, or so much thereof, as may be necessary to satisfy plain-

tiff's judgement, with interest thereon and costs, to the highest and best bidder for cash.

O. H. SMITH, Sheriff.
Dated November 19th, 1909.

HOW ABOUT THIS?

Angry Parent Scores School Board For Good Cause.

Is fuel so scarce that the school board can not buy enough to heat the Sunday school building now used as a school room? They also seem unable to provide a janitor the last few days—the teacher having to do that work herself after she gets to school, and the children have to sit with extra wraps on after school commences waiting for the room to be warmed with what fuel they can get (sometimes it is carried from the other school building.)

Today (Friday) the teacher wisely dismissed the pupils because there was not any fuel.

Several of the children have severe colds from sitting in the cold room the last few days, and is it not time for the parents to receive some kind of an explanation?
